Chinook School Division, Number 211

March 19th, 2025

Attention all parents, grandparents, guardians!

The O.M. Irwin School SCC is working with the school staff to identify family members who have careers, hobbies, or talents they would like to share with students. We would like to invite you into Irwin classrooms to share your knowledge and expertise with our students this spring! We appreciate and recognize that you all have a unique skill-set that would bring such a valuable learning experience for our students.

Areas of expertise could be anything from construction, baking, hairdressing, and storytelling to pottery, music, farming, dentistry and everything in between! The delivery of the information and skills will look different for everyone and could include anything from hands-on activities, bringing in samples, explaining photos/objects and whatever else you come up with! We anticipate your presentation to last anywhere from 30 minutes to 1 hour.

If you are interested in being an expert at our school, please complete the following information, return to school by March 27th and we will be in touch to discuss potential dates! Additionally, if you would like to be put on our list to volunteer at future events/meal days, etc., please fill the slip at the bottom and return.

Name: _____ **Phone:** _____ **Email:** _____

Area of expertise: _____ **Space needed:** _____

Applicable grade levels (circle): K-5 6-8 either

Equipment/supplies needed: _____

Equipment supplied: _____
